

ONE ANNAPOLIS
INCORPORATED

Toshima has over 10 years of experience as an educator and youth mentor. She grew up as part of a large family with a deep history in Arnold and Annapolis, Maryland.

Her life experiences taught her the importance of 'the village' that raises the child, and gave her a love for the Annapolis area, the land she was raised on. She loves to co-create wellbeing in the BIPOC (Black and Indigenous People of Color) community, and is thrilled to work with One Annpaolis's 21st CCLC as a Community Navigation Specialist.
